

PAVENDAN K

09445952623, paven1471@gmail.com

Detail-oriented and enthusiastic fresher with a solid foundation in Python programming and Django web development. Possessing a keen aptitude for problem-solving and a strong commitment to delivering high-quality code, I am eager to leverage my skills to contribute effectively to dynamic projects. With a passion for learning and a proactive attitude, I am ready to immerse myself in challenging environments, collaborate with teams, and continuously enhance my expertise in software development.

KEY SKILLS

- Proficient in Python programming language, with a focus on developing scalable and efficient solutions.
- Familiarity with Django framework, including building web applications, implementing RESTful APIs, and database management.
- Strong understanding of object-oriented programming principles and design patterns.
- Knowledgeable in HTML, CSS, and JavaScript for creating dynamic and responsive web interfaces.
- Experience with version control systems such as Git for collaborative development.
- Ability to work independently and collaboratively in a team environment, with effective communication and problem-solving skills.
- Eagerness to learn new technologies and adapt to evolving industry trends.
- Committed to producing clean, maintainable code while adhering to coding standards and best practices.

PROJECTS

BANK MANAGEMENT SYSTEM

Designed a comprehensive Bank Management System using Python to streamline operations and enhance efficiency within the banking environment.

PORTFOLIO WEBSITE

Designed, and developed a dynamic portfolio website to showcase my skills, projects, and professional experience. Leveraging my expertise in HTML and CSS.

.

EDUCATION

Bachelor's Degree – 2015 to 2019

Bharat Institute of Higher Technology and Research

B.Tech in Mechanical Engineering

5.9/10 CGPA

CERTIFICATIONS

Business English Certificate from Cambridge University.

Machine Learning and Automation from Siemens Energy.
